2021 CABERNET SAUVIGNON

Napa Valley

TASTING NOTES

This Napa Valley Cabernet Sauvignon is a classic example of a perfectly balanced valley floor Cabernet with excellent fruit concentration. On the nose, this wine offers sweet blackberries, dried Mission figs, black cherries, blackberry coulis, toasted vanillin and a hint of cigar box. The palate offers rich and velvety tannins, dark chocolate-covered cherries, black plums, mixed berry pie and toasted walnuts. This offering is enjoyable today but will also evolve with cellar aging through 2040.

WINEMAKING

Upon hand harvesting in the early morning hours, our grapes were carefully destemmed and sent to tank for a whole-berry fermentation. The grapes were cold-soaked in tank at 45°F for 4-7 days, allowing for increased color, aroma and flavor extraction. After inoculation with a select yeast, the grape must (juice, skins and seeds) fermented at 82°F, which allowed for a hot extraction on the skins. For fermentation cap management, the juice was pumped over the skins two times per day, wetting the cap evenly for a nice healthy fermentation. After fermentation and pressing, the 2021 Napa Valley Cabernet Sauvignon was aged in 50% new French oak and 50% neutral oak for 20 months. The final blend is 96% Cabernet Sauvignon, 2% Merlot, 1% Malbec and 1% Petit Verdot and was bottled unfinned and unfiltered.

VINTAGE

The 2021 vintage was considered a drought year, which have typically proven to be excellent quality for wines. The season started off with bud break in early March, leading to a Spring that allowed for a perfect flowering and set for the grape clusters. Summer was also quite warm and long, leading into an early Autumn harvest season. The drought conditions led to lower yields in the vineyard, which gave a perfect concentration for juice versus skin ratio. The consistent summer weather encouraged our Cabernet Sauvignon, Merlot, Malbec and Petit Verdot to ripen in late September into October to finish the harvest season.
